In a world where division and conflict often dominate the headlines, there is a longing for unity and a collective desire to explore new horizons. It is in this spirit of togetherness and a thirst for discovery that we embark on a journey, not only as individuals, but as a global community of Freemasons. Unity, the very essence of our shared humanity, has the power to transcend boundaries and bridge the gaps that divide us. It is the innate understanding that we are all interconnected, and that our actions and choices reverberate beyond our immediate surroundings. When we embrace Masonry, we tap into a wellspring of compassion, empathy, and understanding, allowing us to build bridges of cooperation and collaboration. Yet, unity does not mean uniformity. Masonry celebrates the richness of our diversity, encouraging us to embrace our differences and learn from one another. It is through this tapestry of cultures, beliefs, and perspectives that we can truly expand our understanding of the world and embark on new paths of knowledge and growth. We are beckoned to venture beyond the confines of our comfort zones, to explore uncharted territories and push the boundaries of what we thought was possible. This represents the unending potential within each of us, urging us to break free from the shackles of fear and complacency. It is through our pursuit of Masonry that we discover hidden talents, untapped potential, and a sense of purpose that propels us forward. As we stand on the precipice of a new dawn, it is crucial that we come together, hand in hand, to face the challenges that lie ahead. By fostering unity and embracing the vast possibilities of Freemasonry, we can create a future where cooperation triumphs over conflict, where understanding replaces ignorance, and where the collective pursuit of knowledge and growth becomes our common purpose. So let us set aside our differences, let us cast aside the limitations of the past, and let us embark on this journey together. For it is through unity and the exploration of oneself and the Craft, that we can shape a world that is brighter, more inclusive, and filled with endless possibilities. In the past we have had a separational mindset between the "City" and "County" Masons. This has to end. We are all Brothers under one District, with one goal, make good men better. This year, I plan to focus on breaking those old stigmas and urging all of us to come together taking pride in the Craft and sharing those bonds of Brotherhood. Let's not divide ourselves for together we forge stronger bonds and can reinforce the tenets of Brotherly Love, Relief and Truth.
